**Subject:** RE: Draft Site 17 Proposed Plan - Responses to Illinois EPA Comments, NAVSTA Great Lakes  
**Attachments:** Great Lakes PP Site 17.pdf

Brian,

Please find attached the draft final Site 17 Proposed Plan for your review and comment/concurrence. Illinois EPA's comments were addressed in accordance with the April 3, 2013 response-to-comment document. Some other minor editorial and formatting changes were made to the document.

Regarding the project schedule, the Navy would still like to issue the final Proposed Plan and begin the public comment period on May 3<sup>rd</sup>. Assuming the changes to the Proposed Plan are acceptable and Illinois EPA can provide concurrence, is Illinois EPA ok with that schedule?

Please contact me with any questions.

Regards,

**Subject:** RE: Draft Site 17 Proposed Plan - Responses to Illinois EPA Comments, NAVSTA Great Lakes

Good morning Corey.

Illinois EPA received the provided responses to comments on the Site 17 Proposed Plan which were submitted via electronic mail on April 3, 2013. I have reviewed the Navy's responses and believe all of our comments have been properly addressed. However, since I do not have the revised document in hand, I cannot provide our concurrence at this time. Once I have received the final document and confirmed that the stated revisions have been made, I should then be able to issue a formal concurrence letter.

If you have any questions or would like to discuss the Proposed Plan, please give me a call at 217-557-8155 or you may contact me via electronic mail at [brian.conrath@illinois.gov](mailto:brian.conrath@illinois.gov).

Respectfully,

Brian A. Conrath  
Illinois EPA

Brian,

Thank you for your March 18, 2013 comments on the draft Site 17 Proposed Plan. The attached file contains Navy/Tetra Tech responses to Illinois EPA's comments. Please review the responses and provide additional input or concurrence at your earliest convenience.

Regards,
